The last of Von Bernstorff, former German ambassador, in Washington. His personal effects, held in custody of the United States government since this country entered the war, were recently released, and these German carry-alls are taking them to the freight cars. From New York the vans will be shipped direct to Berlin.

Is your skin pale and sallow?

—How you can rouse it

If your skin is pale and sallow, it shows clearly the need of a more stimulating treatment than you are giving it. A pale, sallow skin means inactive blood-vessels—pores that do not throw off quickly enough the waste matter that accumulates.

Don't let this condition become chronic. To give your skin the soft, clear color every healthy skin should have, follow once a week this special treatment:

JUST before retiring, fill your basin full of hot water—almost boiling hot. Bend over the top of the basin and cover your head with a heavy bath-towel, so that no steam can escape.

Steam your face for thirty seconds.

Now lather a hot cloth with Woodbury's Facial Soap. With this wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion.

Then, rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice.

THE other six nights of the week cleanse your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

Get a cake of Woodbury's today, at any drug store or toilet goods counter, and begin tonight this special steam treatment. A 25-cent cake of Woodbury's lasts for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.
